Summary

Fresh and versatile software-engineer graduate from the UT Austin coding bootcamp in April 2022. Driven by results and eager to learn new skills and technologies as they come. Strong problem solving skills as well as a keen sense of design that translates well when building full-stack web applications.

Work Experience

Full-Stack Web Developer (Reactjs), Self-employed

July 2022 -

- Building, designing, and maintaining of ecommerce website using MERN stack (MongoDB, Express, React, NodeJs)
- Maintaining parent and child elements using State and props in ReactJs.
- Skilled in frameworks as ReactJS to build high quality, reusable, and scalable components.
- Worked in using ReactJS components, Forms, Events, Keys, Router, etc.
- Implemented various screens for the front end using React.js and used various components from NPM(Node Package Manager).
- Used OOP(Object Oriented Programming) concepts to develop UI components that could be reused across the Web Application.
- Designed backend server with RESTFUL API for frontend, implementing requests to fetch or manipulate data and user Authentication for login function.
- Hands on experience using Node.js and Express.js to build backend server connecting to mongoDB database
- Written with object-oriented Python, Flask, Django, SQL, JINJA2, HTML/CSS, BootStrap, JQuery, Linux, GIT.

Retail Sales Specialist, Advantage Solutions

August 2021 - July 2022

- Responsible for servicing and selling to retail accounts within an assigned territory to assure client standards are met and volume is increased.
- Meet client and Company objectives by maintaining full distribution on all authorized SKU's.
- Sell at store level "live orders" on multiple clients (>5 clients) in over 50% of their stores on the monthly basis.

Sales Associate, Manhattan Beer Distributors

July 2020 - August 2021

- Pushed for volume sales of all existing products through effective use of planograms and communication with managers. This resulted in a 15% increase in sales across all accounts.
- Attend and participate in distributor meetings on a regular basis and arrive early to network with management and reps.
- Increased order size of all accounts by an average of 12 additional units over the course of one year.

Education

The University of Texas at Austin

Full Stack Web Developer Boot Camp, Computer Software Engineering
October 2021 - April 2022

University at Albany

Albany, NY

Bachelor of Arts, Major in Communication, Minor in Business Administration
May 2018

Skills

Flask, Django, Python, JavaScript, Excel, Bootstrap, Node.js, Github, SQL, MongoDB, React.js, Express.js, Git, HTML, CSS, Web Services API, OOP, ORM, MVC, MERN Stack.
